Annual of Newton High School  
Newton, Massachusetts

VOLUME EIGHTEEN

EDITED BY THE CLASS OF NINETEEN TWENTY-SEVEN

THE NEW BUILDING

## Foreword

THE aim of the 1927 Newtonian is to present to the student body the official record of the activities of school life in a book all can afford to buy. The Newtonian is a self-supporting volume; in accordance with the policy of the school it carries no advertising and it taxes no organizations. The editor wishes to express his appreciation to Miss Ells for her advice and assistance to the art staff; to Miss Smith for her invaluable assistance in arranging sittings for the senior pictures; to Miss Robinson for her advice and help in gathering data for the senior reviews; and to all the others who have willingly given of their time and efforts to assist in the production of this book.

ALFRED W. DICKINSON

To the memory of Alfred W. Dickinson, a member of the faculty of the Newton High School, coach and director of athletics from 1913 to 1927, who died February 27, 1927, this Newtonian is dedicated.

His loss is an irreparable one to school and posterity. The influence of his character and clean cut morals is evident in the many fine boys and men who speak so reverently of "Coach," and who have carried on in their lines the principles of fairness and clean sportsmanship so prominent in his life and teaching.

We, who knew him, shall always remember "Mr. Dick" standing by the door of room thirteen, smiling always, and greeting us as we passed.

## History of the Senior Class

By DONALD L. CHARLTON

NEVER has any class seen a greater change in Newton High School during its four year career than the class of 1927. When it first entered in the fall of 1923 there were three separate schools, the Classical, the Technical, and the Vocational, housed in two buildings and under separate administration. The campaign for a new gymnasium was just getting into full swing and a joke, to be timely, had to contain a reference to the antiquity of the "drill-shed."

The class graduated from one unified high school. The enlarged campus now boasts another building within whose walls are situated a large gymnasium, a modern cafeteria, and several classrooms of the most up-to-date type.

The important events of the first year may be rapidly summarized. The Technical section elected John Sullivan, president; Ellen Kenefiek, vice-president; Edna Laubner, secretary; and Paul Shannon, treasurer. When the Classical group was organized later in the year, Edgar Warren was elected president; Agnes Hartridge, vice-president; Virginia Spurrier, secretary; and Charles Benson, treasurer. The Freshman Prize-Speaking Contest held in the Technical School was won by Edna Laubner with Thomas MacDaniels, second. Beyond this little can be said, for the activities of a freshman class are always limited.

The beginning of the second year found an older and more experienced group returning to a now unified school. Gone were the three divisions of the past years and the former distinctions which they created. A new system of student government had to be formed before elections could be held or clubs organized. Delegates from all classes met and drew up the Constitution under which the student affairs of the school are now managed. The elections held in January under this new regime, resulted in the selection of Edgar Warren, as president; Bartlett Jewell, as vice-president; Virginia Spurrier, as secretary; and Charles Casey as treasurer. April first of this year saw the ground broken for the new building, from which we are proud to have had the honor of being the first class to graduate.

Club activities during these first two years were necessarily limited. However, in the Alpha Beta, Latin Club, and Boys' Science Club, and to a smaller degree in some of the bigger clubs which admit underclassmen of unusual ability, notable work was carried on.

The officers chosen at the polls in October of the junior year were William Cummings, president; Paul Nason, vice-president; Marion Bonner, secretary; and Alfred Guzzi, treasurer. Harold Andres was elected treasurer of the Newton High School Associates. In January of that year the class held its first gym dance, the annual Feminine Follies which is traditionally given under the management of the junior class. Toward the end of the year, the juniors and those, who by electing to take a five-year course had joined them from the class of 1926, gradually took over the senior responsibilities for which they had been preparing themselves. In all the major upper class clubs, members of 1927 had been gaining experience previous to taking control of affairs. Several went far in the English Club Prize-Speaking Contest in which Edna Laubner took third place, and some took part in the major offering of the Drama Club, "Monsieur Beaucaire." Chosen juniors ushered at the senior graduation and helped in the management of the senior banquet.

As the result of the balloting last fall, William Cummings served this year as president of the Newton High School Associates with Leonard Clark as clerk and Harold Andres as boys' vice-president. The class officers this year were William Bengert, president; Marion Bonner, vice-president; Lloyd Osborne, secretary; and Richard Powers, treasurer. The first social affair of the year and the first dance to be given in the new gymnasium was the annual senior gym dance held in January. The class play, "The Admirable Crichton" by Sir James Barrie, followed early in February. Ernest Hapgood and Helen Ward played the leading roles. The Senior Prom, the biggest social affair in the school, with the possible exception of the senior banquet, was held in the gymnasium on the evening of May 7.

## THE NEWTONIAN

It was early in the month of February that the sudden death of Coach Alfred W. Dickinson occurred. To attempt to express the sorrow of the school would be futile. Suffice it to say that "Coach Dick" will always be to us the prototype of the clean-living American athlete, teacher, and man.

In attempting to review the club and other non-athletic activities in which members of the class of 1927 have taken part, it would be impossible to touch everything or to mention the name of each person whose work has been notable. Moreover, these items have already been recorded elsewhere in this book. Therefore, we will mention only the most outstanding here.

The English Club, the oldest in the school, under the leadership of William Benger, conducted the annual prize-speaking contest during the month of April. George MacNeil took the first prize; Marjorie Bolster the second, and Robert Kretschmar third, in this competition. The Drama Club, of which Ernest Hapgood was president, managed the production of the "Prince and the Pauper," which dedicated the new auditorium. The senior class as a whole was invited to hear the debate which the newest organization, the Social Studies Club, gave. Other clubs, such as the French Club, the Alpha Gamma Tau, and others, have done notable work with and for the seniors, but that may be found elsewhere.

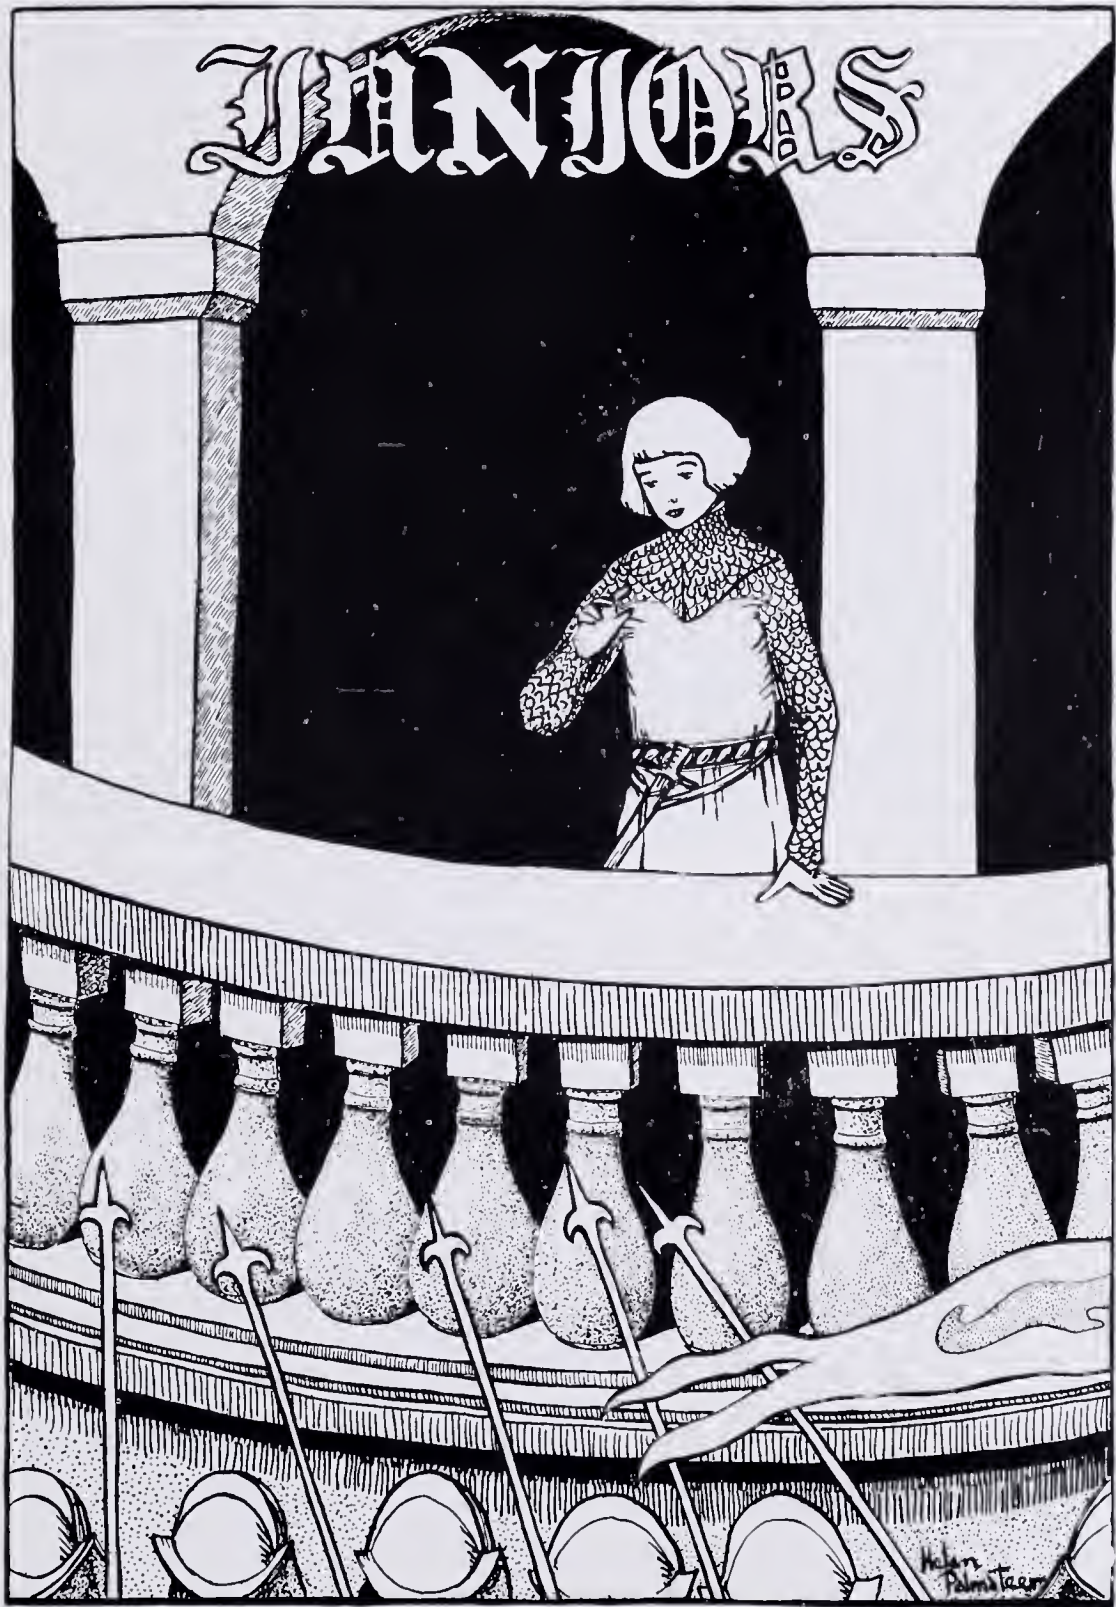

The largest and most comprehensive of activities is the Newtonite. Although no member of this class ever held the position of editor-in-chief, many served in high positions. Last year, Philip C. Ahern was sports editor and this year, managing editor. Virginia Rogers was copy editor; Donald Charlton and later Mary Olcott, editorial editors; Paul Nason, cartoon editor; and Arnold Nichols business manager. Edgar Kent was editor-in-chief of the Orange Book.

The same policy which has been used for clubs must necessarily be used for athletics. During the entire career of the class of 1927 the ice hockey teams have been the outstanding success in sports, having twice won the league championship and once having been one of three teams tied for it, and runner-up in the other two years. The seniors who have shown brilliantly on this team are Joseph Thompson, John Proctor, Harold Andres, and Richard Powers. The football team, although it did not have as spectacular a success, was worthy of the school. Andres, who captained the team, must again be mentioned. Leonard Clark, Joseph Forristal, Harold Macy and many other seniors starred in this sport. On the baseball team the work of Proctor, the captain, Andres, Stont, McCleary, and others is worthy of commendation. Wallace Fullerton, captain of the indoor track team, was the outstanding star in the track and field sports. Edward Hammond was captain of the outdoor track team. The most notable accomplishment among the various minor sports was the work of Lloyd Osborne, who captained the swimming team year before last and who was invincible among schoolboys in the one and two hundred yard races.

The girls' athletics, although not so extensive, were as successful as the boys. Marion Frost, captain of the field hockey team, won a place on the All-Boston Public School Field Hockey Team. Ellen Chase, Rita McClellan, Betty Richardson, Virginia Hodder, and Carol Eaton were members of the varsity team for more than one year. Marion Frost, Betty Richardson, Virginia Hodder, Ellen Chase, Faith Wing, and Gwenyth Quinby were the best of the seniors at basketball.

There are many other things and other persons who might be mentioned here, but they must be passed over. Mention must be made, however, of the faculty. The person who does not complain about some one of the teachers or who does not try to put something over on them is not to be found. The class of 1927 has not been an exception to the rule, yet, on its graduation day, it wishes to go on record that it does really appreciate the work that has been done for it.

## History of the Junior Class

By BARBARA JOHNSON

THE class of 1928 was the first to enter after the unification of the three separate schools — Classical, Technical, and Vocational, into one Newton High School. Now, as our next to last year draws to a close, we look with satisfaction and pride on our underclass days. The three years have been happy ones. I know no way to judge the future but by the past. Let us cast a glance backward so that by reviewing our past successes, we may gain courage to make our senior year the greatest.

As freshmen, we were fortunate. Even the sophomores could not make us too conscious of our ignorance, for every one was more or less mixed-up in the new arrangement. The elections of class officers and of club appointments were delayed because of the late assembling of the Constitutional Convention. It was not until January that we elected Robert Tracy, president; Elizabeth Pratt, vice-president; Donald Burns, secretary; and Elizabeth E. Curtis, treasurer.

In our sophomore year, the balloting which took place the last of October resulted in the election of Robert Tracy, president of the class; William Stumpf, vice-president; Jerry R. Angino, secretary; and Ruth J. Holbrook, treasurer. Nils Holmstrand later replaced Stumpf, who left during the school year. In April, the girls won the annual gym meet, a splendid feat for sophomores. On May seventh, the class sponsored a gym dance, which was a great success. In a June assembly the class scholarship prize was awarded to Virginia Willard, who had the remarkable record of sixteen "A's" and three "B's."

In the third year, the new juniors add to their ranks those who are taking the five-year course and have dropped from the preceding class. Early in the school year, Norman H. Payne was chosen president of the junior class; Frank Spain, vice-president; Virginia Spurrier, secretary; and J. Clinton Roper, treasurer. After Roper left school, his place was filled by Creighton Gatchell. Later on, Catherine Stone added a feather to the cap of the juniors by her splendid performance in the title role of "The Prince and the Pauper." Robert Kretschmar also gave proof of his acting ability in the same. In the spring, the Orange Book staff was organized. As usual, it was comprised entirely of juniors. Brandon Marsh was elected editor-in-chief. The girls of '28 again won the gym meet. On April eighth, five juniors, together with four seniors, competed for the prize-speaking cups. The five were Marie McGrath, Robert S. Kretschmar, Catherine Stone, Louis P. Perry, and Beatrice H. Piser. Kretschmar, whose subject was "Lincoln and the Constitution," was awarded third prize.

Those juniors who have held important positions on the Newtonite are: Edmund F. McLaughlin, editor-in-chief; Joseph A. L. Russo, assistant editor-in-chief; news staff editor, Laurence C. Jenks; assistant editor, W. Bradford Gove; literary staff editor, David Scott; sports staff editor, Benjamin C. Bowen; assistant editors, P. Sidney Carter; business staff managers, Charles Kirkpatrick, Robert Kretschmar, Dorothy Shute, Barbara King.

The junior class may well boast of its athletes. First and foremost of these are Frank J. Spain and Frank R. Stubbs. Both are three-letter men and have played on the hockey team since freshman year. Those who have won major letters are:

Football: Stanley C. Brown, Romaine B. Cole, Creighton Gatchell, Joseph E. Gilligan, Norman H. Payne, Leighton L. Reimer, Everett Scheinfain, Frank J. Spain, Frank R. Stubbs.

Baseball: Spencer DeMille, Creighton Gatchell, Elmer B. Lindquist, Frank J. Spain, Frank R. Stubbs, Edgar W. Warren, Arthur R. Wilson, Donald Wilson.

## The History of the Sophomore Class

By CLAIRE B. FISK

WHEN we were first huddled together in the old gym like a flock of bewildered chickens, little did we realize the many hazardous trials before us; trials interspersed with plenty of fun. However, gradually becoming an organized group, the class elected Dora Cummings, president; John Orr, vice-president; Carolyn Lewis, secretary; and Anna Barrett, treasurer.

Soon after entering high school we began to shine in studies and held the highest position on the honor roll every marking period, having a better percentage in marks than any of the other classes. At the beginning of their sophomore year, Dora Cummings and Evan Collins were each presented with a book as a reward for doing the most excellent work during their year as freshmen. At the same time Alice Fuller and George King were given prizes for the most improvement in scholarship.

The class worked on the Newtonite, was permitted to join Alpha Beta, and the Science Club, and entered the prize-speaking contest in which our star was Marion Mason, who was one of the eight in the final contest. We started the "Anti-Bumming Ride Campaign," wrote slogans and scenarios and made posters, at the end of the year leaving some uncompleted work for the class of 1930 to take up with enthusiasm. Toward summer we ended with a combined minstrel show and dance and—the terrible exams.

Coming back as sophomores, refreshed by the long vacation, we plunged with vigor into sports, renewed the fight with studies, in which we did not have as good luck, wavering between second and third place on the honor roll. Again were held elections; this time selecting Evan Collins, president; Dora Cummings, vice-president; Rena Spain, secretary, and Faith Foster, treasurer.

This year the class took charge of Alpha Beta and elected Fred Burton to lead us, with Jane Hermann, Elizabeth Henrich, and Wendell Allen to assist him. The club held many meetings, and was favored by a visit from Miss Sarah Ware Bassett, the well-known author, who presented us with two of her books; "The Green Dolphin," and "The Taming of Zenas Henry." Later in the year the club gave a play in which the sophomores Barbara Nichols, Ann Baker, Nora Hutchinson, Ruth Bergerson, Muriel McAdams and Evan Collins took part. These classmates of ours showed a great deal of dramatic talent.

We worked once more on the Newtonite, and Barbara Eaton was advanced to the position of day editor on the news staff, while Dora Cummings and Nora Hutchinson were given the same position on the copy staff. Jane Hermann, Priscilla Bacon, Kathleen Andrews, Eleanore Bingham, and Ruth Cobleigh were writers on the news staff, and Anna Kerr, Ann Baker, and Claire Fisk were copy readers.

In the sophomore year, "Nate" Pearson, halfback, was an excellent ball carrier; Philip Coakley, quarterback, had all around ability; Floyd Robbins held down the position as guard; Richard Coleman, guard, excelled in offensive playing; and Preston Barba at end was both good in offensive and defensive playing. On the hockey team, however, Langdon Powers, with his clever playing at wing, alone made the team. In basketball we were represented by Daniel Harrington, forward and guard; Harold Ham, forward; and Evert Fuller, forward; in swimming by Burton Bailey and Robert Greeney, and in track by "Nate" Pearson, and John Mullin.

In girls' basketball, Louise Horrigan and Ruth Taft were our shining lights, while, as a whole, the sophomores came third. In field hockey, on the varsity team, Marion Mellus, right inside, was fine at stick handling; Betty Muther, right fullback, had an excellent defense and a long shot; Rena Spain, left inside, was a fast dribbler, and Dora Cummings, right wing, shone brilliantly.

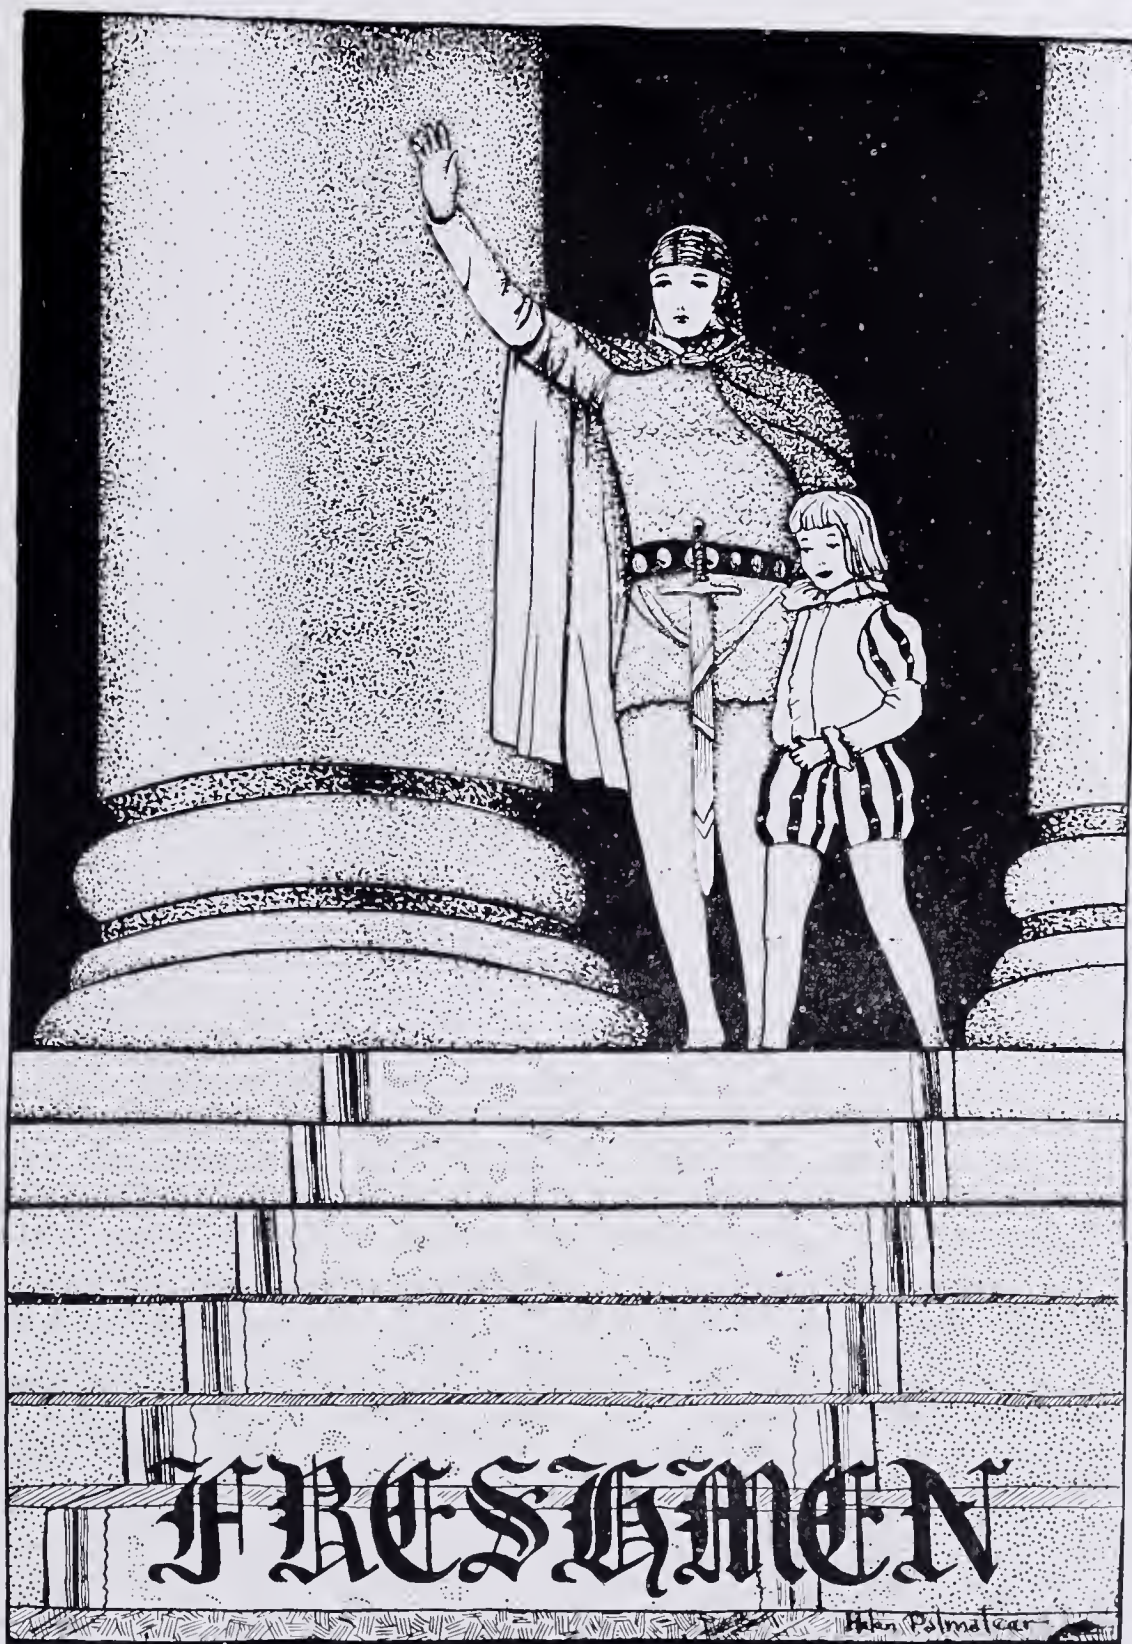

At the annual gym meet, which was held in April, the sophomores came first in "stunts," first in individual gym, tied for second in posture, second in buck vault and parallel bars, and as a whole came third.

## History of the Freshman Class

By CATHERINE L. THOMPSON

THE class of 1930 began its career at the Newton High School with the honor of being the first to meet in the auditorium of the new building. The annual elections were held in the fall. Philip Giddings was chosen president; George Hutchinson, vice-president; Doris Benson, secretary; Dorothy Bowen, treasurer.

One of the first activities of the year was a freshman "Get Acquainted Party" held on September 24th for the girls. Throughout the year, interesting assemblies were held for the discussion of class problems and educational purposes. At the end of these assemblies the Honor Roll was read by Miss Riley, the class adviser. Many people spoke to the class about their particular business. Also musicians entertained the class with splendid selections.

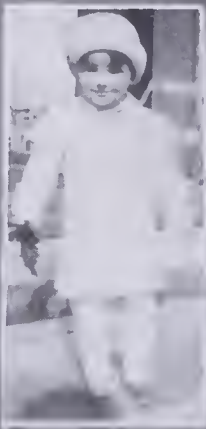

The freshman class has a fine mixed glee club. At the Christmas assembly, they sang carols. At a March assembly, the freshman orchestra played. This orchestra consists of about twenty-five players under the direction of Mr. Spaulding. Of these, Janet Ryther, Dorothy Bowen, Olive Riley, Ruth Coughlan, and Frances Lindsey are in the varsity orchestra. Six members of the orchestra are also in the band.

Another interesting activity of the year was the continuation of the "Anti-Bumming Rides Campaign." Each civics class sent a pupil to represent them at the meetings. Philip Giddings was elected chairman, and Dorothy Rising, secretary, of this committee. The committee decided to enter the contest which is under the direction of the Scholastic Magazine and sponsored by the Pittsburgh Plate Glass Co. In a contest, Lillian E. Chambers, Archie McKillop, and Norma Kendall were chosen to speak to different clubs in Newton on the "Anti-Bumming Rides Campaign."

In the short story contest for classes IX and X, the freshmen were very successful. Catherine L. Thompson won the first prize which was Dickens's "Tale of Two Cities," and Olive A. Riley won a copy of a desk dictionary, which was second prize. Honorable mention was given to Janet G. Warren, Donald H. Schmidt, Doris Benson, and Carol Leatherbee. In the English Club puzzle contest for all classes, we did not succeed as well, although Frances Collins won first prize for the novel, and Elizabeth Gallagher received second prize for her characters in Shakespeare.

A group of about thirty-five freshmen pupils were invited to join the Alpha Beta. The freshman officers are: Vice-President, Catherine L. Thompson; Treasurer, Philip Giddings. Those on the membership committee are: Harriet Dane and Edward G. Smith. In the play, "Mouse-trap," which they gave April 7th, Catherine L. Thompson took the part of Mrs. Roberts. Six freshmen were also invited to join the Home Economics Club.

A large number of the 1930 class turned out for athletics this year. About forty-six eager girls reported for field hockey. Mary Durbin was elected captain, and Mary Carrick, manager. A squad of thirty-five boys trained for football. The members of the Freshman Team are: Murphy (Capt.), Bogan, Newhall, Plakias, Leon, Rockwood, Hutchinson, McEnaney, and Schmidt. Esther L. Turner and Grace L. Thompson made a splendid showing in the tennis tournament. Both are members of the team. Donald H. Schmidt won the championship in the golf tournament. Basketball captured a number of both girls and boys. The captains of the girls' teams are: Dorothy Bliss, Helen Bowlby, Mary Carrick, Barbara Goodridge, Virginia Blunt, and Nathalie Shuman. In the gym meet on April 1 the class of 1930 won first place in the box vault, buck vault, and rope-climbing.

THE Newton High School Associates has been very active this year, and has accomplished a great deal in the school. This organization includes every pupil in the school, and the business is therefore carried on in a legislature composed of representatives elected in each home-room. This is now the only governing body meeting monthly. The representative takes the ideas of the students in his room to the meeting, and then reports the business back to his room.

The purpose of this organization is to direct the activities of the school. It grants charters to clubs, helps organizations or publications financially if need be; its committees direct the athletics, dramatics, civics, music, and publications of the school. In short, with the help and advice of faculty advisers, it controls all the school's activities.

The president selected his various boards and committees, and work got under way early in December. It was voted to abolish club pins and emblems beginning next year. The Orange Book, sponsored by this organization, was a great success and a little surplus was put in the treasury. The finances were further bolstered when orange feathers, sold before the Brookline football game, netted \$15.00. This practise will continue next year, and in addition, pennant labels will be sold to students as another source of income. The organization raised a Christmas fund for poor families in Newton and the Anti-Bumming Ride Campaign was backed and financed by this body. It was decided that the club dues should be limited to fifty cents per year hereafter.

Money was appropriated for the following: flowers for the Dickinson Memorial Service, expenses of the Band at the Arena hockey games, the printing expenses of the Anti-Bumming Ride Campaign, and a few minor expenses.

THE year 1927 marked a transition period in the history of the Newtonite. Heretofore, it had reached the highest point possible under its old editorial policy, but this year marked an expansion in policy. To the literary department which had consisted of themes and graduate articles were added editorials on school life by pupils, puzzle pages, pages devoted to the school's academic departments, and general articles dealing with elections, athletics, the new building, and dramatics.

The news staff kept pace with the general improvement. Two new major heads were built to enable greater variety for use in make up, and a system of checks on the staff assignments was inaugurated, by which the managing editor can tell not only how the work on each staff is progressing, but also the length of each article before it has reached the copy rooms.

A memorial issue was published March 8 in tribute to the memory of Coach Dickinson. The insert was devoted to eulogistic articles on his life and work. A large duo-tone picture was included. Two thousand five hundred copies were printed and all members of his camp as well as all the alumni who desired them were sent free copies. A special football number with two pages of cuts was printed at Thanksgiving time.

Gold charms were awarded the following staff who had rendered exceptional service: Philip C. Ahern, Benjamin C. Bowen, Marjorie Chapman, Donald L. Charlton, Helen C. Gentzel, Charles Greene, Lawrence A. Jenks, Robert L. Kretschmar, Carleton McVarish, Paul E. Nason, Arnold E. Nichols, Mary F. Olcott, Virginia L. Rogers, David I. CAROLINE M. DOONAN

A few years ago, before the unification of the three schools, the pupils of the Classical building felt the need of a handbook of general information for the benefit of the freshmen and other newcomers of the Classical High. Accordingly, their student governing body instituted the Orange Book, which had for its purpose to acquaint the freshmen with the rules, requirements, and customs of the school, and to make them more loyal supporters of its activities.

Several years passed with the little handbook steadily increasing in size and popularity. Then came the unification and the resulting trebling in size and doubling in copies of the Orange Book. Last fall, Editor Edgar Kent brought forth a book which was as popular as the new gymnasium. One thousand copies were sold, making the Orange Book self-supporting for the first time and bringing true the editor's dream, a gem among school books.

The key note of the 1927-1928 "Orange Book" is to be "how," "when," "where." As the Freshmen Bible is to the colleges, so will the "Orange Book" be to Newton. It is to be compact, complete, and commanding. To the Freshmen it will be a key; to those who know it from former years, a necessity.

R. Brandon Marsh is the newly appointed editor. He is to be assisted by a staff composed of the following:

Organization and Activities: Jerry Angino, Leslie Church, Ivan K. Hoyt, Irene V. Hunt, Emily W. Kenderdine, Edna McDermott, David O. Walter; Sport Department: P. Sidney Carter, Romaine Cole, Virginia Spurrier, Edgar Warren; Art Department: Gertrude Pearsall, Preston W. Sweetzer. Miss Caroline M. Doonan will act as adviser.

Work has already begun on the book for next year and with Editor Marsh at the helm, the school may rest assured that the Orange Book will in every respect measure up to the high standards set by the editors of recent years.

## The Varsity Orchestra

CHARLES B. HARRINGTON, *Director*

THE varsity orchestra has had another busy and successful season. It has maintained a membership of between forty and fifty players throughout the year and although rather crippled at the beginning of the year, has made remarkable progress.

The orchestra has furnished music for the Educational Week program in November; the Drama Club play, the Faculty Christmas party, the reception to the Newton teachers, the Senior Play, the Prize-Speaking contest, the Faculty Play, the Annual Out-Door Concert and Senior Graduation.

On March 14 the first annual orchestra concert was given by the Varsity and Alumni orchestras, assisted by Signor Barsotti. The concert was a great success.

The orchestra regrets that it has not been possible to appear more often before school assemblies during the past year. One of their chief desires is that they may more generously share with the student body the pleasure and benefits which they derive from their music.

THE band, which numbered twenty-five pieces at the end of its first year in June, 1926, has now grown to sixty-three members. The appearance of the band at the major football and baseball games, at the Championship hockey game at the arena, and at school assemblies, has met a long felt need in school activities. The band is very grateful to the Newton Rotarians and to the Athletic Association for the provision of their attractive uniforms.

ACT I. THE SERVANTS' TEA

# Senior Play

"THE ADMIRABLE CRICHTON"

By JAMES M. BARRIE

THE senior play this year was a modern one dealing with the class distinctions in a perfectly ordered house in present day England. The first act places us in the drawing-room of an English home. The reserved Crichton ("Happy,") is discussing, with Ernest (William Benger), the coming servants' tea that Lord Loam holds once each month. This Lord Loam ("Jerry" Hudson), has a hobby that inequality does not exist in any civilized community. As we proceed, the ladies of the play are introduced. Helen Ward plays the lead of Lady Mary Lassenby, while her watchful sisters, Catherine and Agatha, are recognized as "Sister" Koops and "Jack" Ruby. "Art" Shute, as the Rev. Treherne, proves able to balance a tea cup quite easily, but Marcus Remick, who, as Lord Brocklehurst, is his "mothaw's son," has less success at entertaining the kitchen maid, Tweeney (Jane McDermott). It develops that the party is to go on a yachting trip, and that Crichton and Tweeney are the servants to go.

The second act discovers, on a south-sea island, a dismal, shipwrecked group, minus one of the party, Lord Loam. The latter soon appears, some the worse for his trying experience, and attempts to reassume command of the expedition. But Crichton proves himself the better man, and becomes uncrowned king.

In the third act, this king, now called "Gov," is ruling in the island castle. We are not long in finding that he is in love with Mary, now become "Polly," and she returns the affection. In the midst of a party celebrating the engagement of these two, a ship's gun is heard. Rescued!

So back to England once more! All the irksome conventions of the land are resumed and plans as made in Act I are carried out. Except for the flurry caused by Lady Brockellhurst, impersonated by Adelaide Lincoln, who tries a bit of investigating as to what conditions had existed on the island, all moves serenely.

Miss Haworth deserves great credit for coaching this fine production; Horace Stuart, who was business manager, also merits a word of commendation.

## Drama Club

*President*, E. GRANGER HAPGOOD, JR.

*Secretary*, MARGARET BLUNT

*Vice-President*, DOROTHY SHUTE

*Treasurer*, LEONARD CLARK

JUNE, 1927, finishes the third successful year of the Newton High School Drama Club. The aim of this organization is to have a yearly production of major importance, and to provide a means for any minor dramatic activities. Besides the annual play, the club has been most fortunate in hearing several excellent speakers and in presenting five short plays, coached and managed almost entirely by the club members.

This year in place of the annual play, the club had the honor of managing the dedicatory production for the new stage. With the assistance of the school, this play "The Prince and the Pauper," was presented. This comedy is a dramatization of the story by Mark Twain, which, with its dual role and setting among great royalty and humble paupers, is full of romance and mystery. Catherine Stone played the lead with skill and judgment.

At the November meeting the Drama Club was very fortunate in hearing William Faversham, Jr., who spoke on "The Repertory Theatre, and its attempt to uplift modern theatre-goers." On January 6, Miss Flora M. Smith addressed the club on "The Art Theatre, What It Is and How To Get Inside."

During the following four months several short plays were produced by the members. The first of these presentations was "Spreading the News," by Lady Gregory, coached by Agnes Hart-ridge. The second, "Riders to the Sea," by Synge, was directed by Margaret Fitts. "The Romancers," as it was played for the Newtonville Woman's Club, was coached by Miss Wetherbee, supervisor of the club. The last meeting of the year was guest day, when two plays were presented. One, "My Lady's Lace," was directed by Addra Saunders, and the other "Sire de Maletroit's Door," dramatized by Miss Mary Davidson of Anburndale, was coached by John Wakefield.

## English Club

*President,* WILLIAM BENDER

*Secretary,* AGNES HARTRIDGE

*Vice-President,* VIRGINIA SPURRIER

*Treasurer,* WILLIAM BROOKS, JR.

FOR the year 1926-1927 the programs have been of unusual interest due to the work of the program committee, consisting of Doris L. Koops, '27, chairman; Margaret Fitts, '27; Elizabeth Bingham, '28; John Quinn, '27; and H. Arthur Shute, '27. In October Leighton Rollins, assistant manager of the Repertory Theatre and member of the class of '21, contributed an afternoon of modern poetry reading. Later, under the editorship of Margaret Fitts and supported by an able staff, the first issue of the "Englishite" was presented.

At the most novel feature of the year, namely, the All Club Christmas Party, the English Club contributed a scene from Dickens's "Christmas Carol." In January we were fortunate in having Mrs. Caroline Mills, of the English Department, tell us of her recent summer in England, where she visited literary and historical shrines. Also included among our speakers of this year is John N. Meissner, '26, winner of last year's Prize-Speaking Contest, who entertained with his personal experiences while abroad last year.

April featured the Annual Prize-Speaking Contest over which William Bender, our president, presided. The English Club awarded silver cups to the winners: George A. McNeil won first prize with his talk on "Momentary Glory," Marjorie Bolster second on "Fog," and Robert S. Kretschmar, third, speaking on "Lincoln and the Constitution," and presented a one-act play "Station YYYY," by Booth Tarkington. The proceeds from this contest went toward furnishing books for the libraries. One hundred and twenty-five dollars of the club's funds purchased a trophy cabinet which now holds the senior cups.

## Alpha Beta

*President,* FREDERICK BURTON

*Secretary,* WENDELL ALLEN

*Vice-President,* CATHERINE THOMPSON

*Treasurer,* PHILIP GIDDINGS

ALPHA Beta, a freshman-sophomore English Club which was started in the fall of 1922 by Mr. Samuel Thurber, is composed of about eighty pupils receiving all "A's" and "B's" and the recommendation of their English teachers.

At the first 1926 meeting, in November, Frederick Burton, '29, was elected president of the club; Wendell Allen, '29, secretary; and Elizabeth Henrich, '29, chairman of the membership Committee. At a later meeting, when the freshmen were admitted, Catherine Thompson, '30, was appointed vice-president, and John Thompson, '30, treasurer. The latter resigned when he left school, a short while after, and Philip Giddings, '30, was put in his place. The faculty advisers of the club are Mrs. Blanche F. Bemis, Miss Abbie I. Fiske, and Miss Edith M. Rideout.

In the fall, a contest for the best conclusion to a story was run in the Newtonite and won by Catherine Thompson, '30, who received an illustrated copy of "A Tale of Two Cities." Olive Riley '30, received the second prize, a dictionary.

In December, Alpha Beta joined the other clubs of the school in a Christmas party. Two of the members furnished a musical number and the club selected small humorous gifts for the club advisers. At the regular December meeting Mr. Thurber read "The Man Who Missed Christmas," by Dr. J. Edgar Park, and dictated one of his original games which proved to be of much enjoyment.

Sara Ware Bassett, a well known novelist, spoke to the club on "The Art of Bookmaking" at the January meeting and afterward sent autographed copies of the books, "The Green Dolphin," and "The Taming of Zenas Henry" to the club.

The club planned an open meeting in April with musical numbers and William Dean Howell's "The Mousetrap." The cast included: Evan Collins, Muriel McAdams, Barbara Nichols, Nora Hutchinson, Ann Baker, Catherine Thompson, and Ruth Bergeson.

Plans are also underway for a freshman-sophomore declamation contest to be held in May.

## The Social Studies Club

*President*, PHILIP C. AHERN

*Boys' Vice-President*, ALFRED R. GUZZI

*Girls' Vice-President*, MARIE McGRATH

*Treasurer*, JERRY R. ANGINO

*Secretary*, FRANCESCA BARKER

THE Social Studies Club is a new organization in Newton High School. The club originated through the efforts of Mr. Daniel F. Koughan of the history department. He states that the purpose of the club is first to develop broad vision, and secondly to promote a lively interest in public affairs. In a measure this ideal has been gained.

The first meeting was given over entirely to the election of officers while later meetings were filled with business and activity. The second meeting was a debate—"Resolved that United States' policy in Nicaragua is imperialistic." The affirmative secured the decision by an overwhelming majority. The third meeting in the Technical library found the Hon. Charles E. Hatfield as our guest. Mr. Hatfield has had a wide political career. For years he was mayor of Newton, later became chairman of the State Republican Committee. Mr. Hatfield spoke on "Politics and Citizenship." In the course of his address he mentioned many interesting anecdotes of men in the political spotlight.

At the final meeting late in April the club had the pleasure of hearing Mr. Robert Luce, Massachusetts Representative to Congress from the thirteenth district. Mr. Luce's lecture concerned the "Making of Law." His speech was very impressive for Mr. Luce is noted for his knowledge of law and is acknowledged to be a famous orator.

## The Library Club

THE Library Club has had a very busy and enjoyable year under the leadership of two of the faculty advisers, Miss Bigelow, and Mrs. Overlees. At the first meeting this year Dorothy Barba was elected president; Virginia Spurrier, vice-president; Grace Wyeth, secretary; and Betty Bingham, treasurer. The club has an enrollment of twenty-six girls and in a short time seventeen new members were elected. They are as follows: Barbara Cobb, Faith Foster, Marion Mason, Barbara Nichols, Nancy Ryther, Anne Scofield, Priscilla Speare, Ethel De Mille, Beatrice Piser, Margaret Warren, Myrtle Williams, Betty Lotz, Catherine Stone, Priscilla Moore, Eleanor Collins, Henrietta Kraber, Mildred Stuart.

There have been six meetings this year and, according to custom, they are held on the first Monday in every month. At each meeting the business is taken up first. This is followed by some work with the books, such as cataloguing or arranging them, and then everyone joins in some game which will give the girls further knowledge of the work in the library.

This year the girls have taken a greater responsibility than ever before, for many of them have taken attendance, given out books, and put them away during their study periods, as well as filing, labeling, and cataloguing them. Also each girl has had to keep dusted and tidy three shelves. All this training has been very valuable and instructive and has made every girl feel that the Library Club is well worthwhile.

THE purpose of the Alpha Gamma Tau, the Mathematics Club, is, primarily, to increase the interest in mathematics. This year, the theme has been to show the relationship of this subject to other subjects and to life.

At the first meeting, Preston Sweetser proved the connection between art and arithmetic when he drew a series of owls, squirrels, and rabbits made entirely from the figures one to ten. In November, this good work was continued when our mathematicians succeeded in making English words out of "lucimtinopilt" or "tocarf." Mathematics was joined to a good time at the all-club Christmas party; and in January, Mr. Mergendahl showed the need of mathematics for logical betting. Later, articles were printed in the Newtonite on "Mathematics and English," "Mathematics and French," and "Mathematics and Nature."

The relation of Mathematics to drama was clearly portrayed when "Case of B Versus A" or "Solving a Personal Equation by the Judicial," revised and coached by Miss Beatrice Bates, was given May 9 in an assembly to Juniors and Seniors, and May 10 to the parents. The leading parts were the Judge, taken by Arnold Nichols; A's lawyer, by Norman Harris; and B's lawyer, by William Raye; A, defendant, Allan Hinkle; B, plaintiff, Lawrence Jenks; D, a witness, Joseph Fay.

Two prizes of ten dollars each were presented by the club. One to the pupil who had maintained the highest rank in mathematics throughout the year and the other to him who had improved the most during the year.

The annual picnic held in June, when the officers for the next year were elected, made a pleasant conclusion to the year's work.

## French Club

THIS year the French Club began by sending, to those who were eligible, invitations to become members. To be eligible a rank of A or B is required. The aim of the club is to make more interesting the study of French and to practice its daily usage.

The officers for this year were elected last spring, so the new officers began their duties at the first meeting, namely: President, Arnold E. Nichols; Girls' Vice-President, Margaret Blunt; Boys' Vice-President, Charles Parker; Secretary, Marjorie Bolster; Treasurer, David Scott.

At the first meeting the picture "Notre Dame de Paris" was presented to Miss Miles. At the same meeting, Miss Priscilla Aurelio gave us an interesting talk on a typical girls' school in France. The club voted to send money to a grammar school in France to help buy the mid-morning lunch of milk and crackers for the children.

Instead of our January meeting, two successful plays, "L'École de Belles Mères" and "Les Franches Lippées" were given in the Assembly Hall on the nineteenth. In the first, the characters were: Marjorie Chapman, Barbara Thrall, Alice Dunning, Robert Russell, Leslie Dutton, and Marion Hillson. Those in the second were: Mary F. Olcott, Florence Hills, Joseph Fay, Henry Argento, Mildred Stuart, and Charles Webster.

At the March meeting, the club was very pleasingly entertained by numerous French classes and groups which sang, played, recited and enacted some familiar French poems.

## Spanish Club

*President*, WILLIAM BENDER

*Vice-President*, FREDERICK BROWN

*Secretary*, GWENYTH QUIMBY

*Treasurer*, RUTH GORDON

THE Spanish Club, composed of College Preparatory students with an average of B, and all others with an average of C, has been very busy this year. The first meetings were taken up in elections of officers and plans for the ensuing meetings. A very interesting get-together was held at Mrs. Marion P. Haslam's home, at which "Spanish Bridge" was played. The next meeting, at the home of Ruth Gordon, was devoted to the initiation of new members. This was the largest meeting of the club, and the stunts exhibited by the initiates were extremely amusing.

On the sixteenth of March a play, "Castillos de Torresnobles" was presented. Those taking part were: William Bender, Duque de Guymán; Gwenyth Quimby, Marquesa de Torresnobles; Frederick Brown, Agapito; Kathryn Purple, Susita; Parker Devlin, Tío Trompeta; John Sholes, Night Watchman; Joseph Fay, Mayor of Cercadilla, and John Graham, as the "cura." The play was a great success and Mrs. Haslam is to be congratulated as coach and club adviser for such a pleasing entertainment.

The last meeting, held on April 11, was open to all members and their guests. A moving picture was presented, and the year's work was aptly concluded in this way.

## Commercial Club

THE Commercial Club is the only organization in the school that is wholly a business club. It is governed by an executive board consisting of President, Newton Hanscom; Vice-President, Marie Duane; Secretary, Florence Ingham; Treasurer, John Sullivan; and five other members of the Commercial Department: Florence Howley, Delia Hansbury, Mae Volpe, Byron Wilkerson, and Charles Larkin.

The club holds a meeting on the third Friday of each month in the Assembly hall of Building 3. At the first meeting, Francis L. Bacon, Director of Secondary Education in Newton, addressed the club. The subject of his talk was the "Organization of the Newton High School." There were ten minutes allowed in which members could ask Mr. Bacon questions. The speaker at the second meeting was Herbert McGill of Babson Institute, who talked on "Business." Mr. Thurber gave a very interesting talk on "The Use of Our Mother Tongue" at the third meeting, and at the last regular meeting Mayor Edwin O. Childs talked on "The Organization of Our City Government."

It had been the custom of the Commercial Club in former years to hold a dancing class once a week, a plan which was always a source of much pleasure and profit to the members. It was voted to continue the dancing class this year. Miss Annamay Smith of the Boston School of Physical Education made a delightful teacher. The charge of 25 cents per person was made for each lesson. There were six lessons in all, the last being a party held in the Technical Library. The proceeds from this dancing class go toward a scholarship for the highest ranking Commercial senior chosen at the end of the year by members of the faculty.

## Home Economics Club

THE Home Economics Club of the Newton High School holds one meeting each month. The officers are: President, Henrietta Kraber; Vice-President, Estelle Cyr; Secretary, Dorothy Wright; Treasurer, Eleanor Hannigan.

The first work of the club during the year of 1926-27 was to take a Club Membership in the New England Home Economics Association and the American Home Economics Association. The activities of the club have been many and varied. The first meeting in October was a Hal-lowe'en Party and at this time the new members were initiated.

The November meeting was an open meeting and the mothers of the club members were invited to hear Mrs. Gladys Beckett Jones of the Garland School of Home Making speak on the subject, "The Girls' Place in the Home." A Social Hour with tea followed the talk. For the December meeting all of the clubs of the Newton High School joined together in a big Christmas party for the club members and their faculty supervisors. At this meeting each club furnished part of the program. The English Club gave a play. The French and Spanish Clubs sang Christmas carols. A member of the Drama Club acted as Santa Claus and distributed the gifts furnished by the Mathematics Club. The Home Economics Club made and distributed four hundred candy bags. The Commercial Club had charge of the tickets and attended to the business connected with the party.

The January meeting was a business meeting at which the officers planned work for the remainder of the year. On account of the February vacation there was no meeting. On March 31, the club entertained representatives of the Medford High School Home Economics Club. The subject of the program was "Home Making in Other Lands." After the program the girls of the Medford Club were served refreshments in the faculty dining-room, and then were shown over Newton's new high school. In April, the girls had charge of an assembly for all the High School girls, numbering over 1,000 and at this meeting Miss Antoinette Roof of Simmons College spoke to the girls on "Some Present Day Developments in Education."

On April 5 the members of the club co-operated with the Newtonville Women's Club. This club planned a mothers' and daughters' day for all High School girls and mothers.

The May meeting, which was the last one of the year, was in the form of a picnic. The forty members of the Home Economics Club are very enthusiastic workers and they have done much to help make the work of the club a success for the school year.

## Girls' Glee Club

*President*, BEATRICE BROOKS

*Secretary*, GWENYTH QUIMBY

*Vice-President*, ELLEN CHASE

*Librarian*, RUTH UFFORD

THE Girls' Glee Club, composed of Senior girls, has completed another year of successful work. Under the supervision of Mr. Charles Spaulding, this group of thirty girls has been practising for its public appearance on April 5. "Little Mother O' Mine," "Birds Are Singing," "Doan' Ya Cry, Ma Honey," "Spring Has Come," are some of the songs on the repertoire of the Club; on April 6, at an Assembly for the Women's Club, the Glee Club presented these songs.

GRADUATION DRESS ASSEMBLY

## Graduation Dress Assembly

ON March 16th an Assembly was held for girls of the Senior Class and their mothers. The purpose of the Assembly was to give the girls and their mothers an opportunity to learn about suitable styles and fabrics for graduation dresses and to get a comparison of the cost of ready-made gowns and those that could be made at home or in the dressmaking classes of the school.

The senior girls took entire charge of the Assembly, the Vice-President of the class, Eleanor L. Harding, presiding. The first speaker, Agnes F. Hartridge, talked on style and the suitability of different designs for graduation dress models. The second speaker, Ruth Parsons, talked on suitable fabrics, explaining the advantages and disadvantages of different materials, the tests for the fabrics, the costs, and the possibility of dyeing the gowns. These two talks were illustrated by a booklet on graduation dress suggestions which was prepared by the pupils in the school. The drawings for the dresses, which were described by the first speaker, were sketched by the girls in the art classes and illustrated models that were appropriate for different types of girls. Each pupil and mother had one of these booklets to refer to during the talks on style and fabrics. The booklet contained samples of all the silks and cotton materials that were appropriate for graduation dresses and these had been previously tested and mounted by the girls in the textile classes. Doris L. Koops, the last speaker on the program, described the dresses which were worn by the girl emphasizing the points of excellence.

Through the courtesy of two of the large Boston shops it was possible to display 20 gowns which were worn by members of the class. It was interesting to note that the audience was most appreciative of the fact that the home-made dresses of type similar to the ready-made dresses averaged from \$6.50 to \$10.00, a much lower figure than the ready-made gowns could be purchased for.

There was an exhibition of other graduation dresses, posters of fabrics, designs, and patterns all of which proved of much interest and help to the mothers.

The Assembly proved to be very much worth while and it is hoped that it can be made an annual event for the girls in the graduating classes.

NEWTON opened its gridiron season with a 3-0 win over Quincy. The Granite City boys put up a stubborn defense, but their offense got no farther than Stubbs and Hapgood, two bullwarks of the Newton line. The Orange and Black lacked its usual pep and could not cross the Quincy line, although there were many opportunities. Frankie Spain, drop-kicking specialist, made a fourteen-yard field goal in the third period for the only score of the day.

The new school band made its first public appearance on the occasion of the Natick game. Newton easily triumphed, 18-6. Blonde Johnny Proctor grabbed a Natick fumble, putting the pigskin on Natick's ten-yard stripe. A Spain-to-Proctor pass netted five more yards, then Frankie sliced through for a score. The next score came as a result of successive rushes and passes covering about sixty-yards before Joe Gilligan crashed through the center of the line for the second touchdown. Natick made a poor forced punt on her own fifteen-yard line which Newton recovered. On four plays, the third score was chalked up. With the Orange and Black seconds playing, Natick managed to score late in the game.

On Columbus day the team journeyed to Everett for the first league game. Newton lost 3-0 in an evenly matched contest in which the punting duel between Johnny Proctor and Dick Ahlin featured. Both teams made several long gains but neither could get a touchdown. Late in the fourth period, a poor Newton punt travelled only ten yards. After failing to gain by rushing, the red jersied team called on Ahlin to produce a score. He made a pretty twenty-five-yard placement kick for the only score of the day. Spain's broken field running was one of the outstanding feats of the day. At Russell Field, the Garden City outfit gained its first league victory by a 13-0 score over Cambridge Latin. Len Clark made a beautiful punt to the Cantab four-yard line. The Cambridge kicker, attempting to kick out of danger, fumbled the ball which Scheinfein, Newton's little end, fell on over the line. The extra point was awarded to Newton as the Cantab end was offside. The second score was in the third period. Len Clark hurled a nice pass which McIntyre grabbed and scored. The goal after touchdown failed.

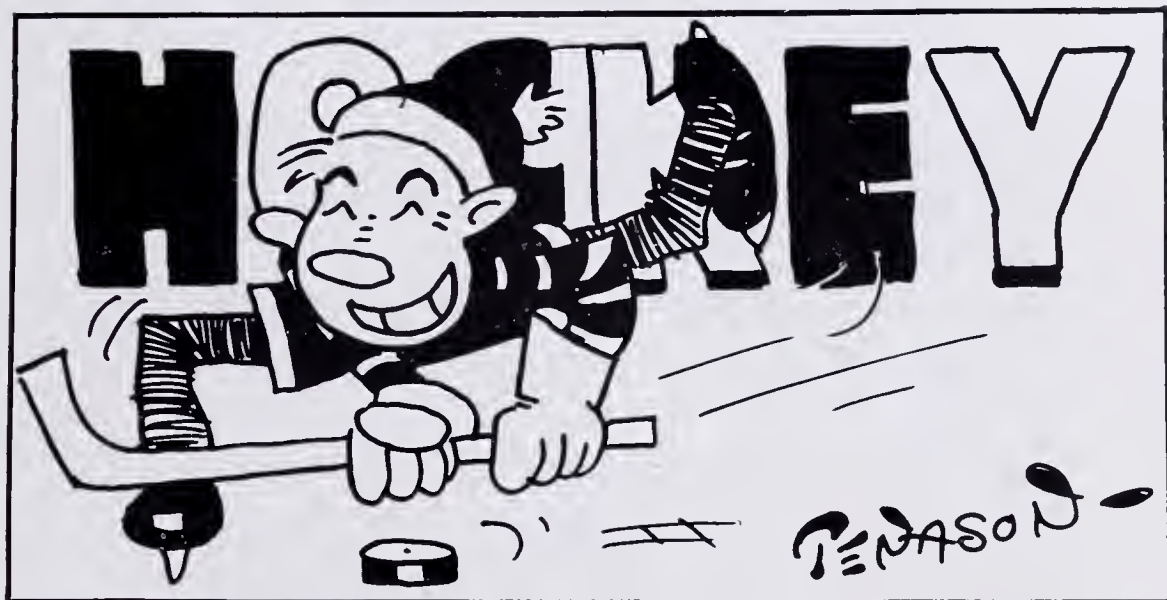

Newton gained its fifth victory at the expense of St. Mary's School of Waltham. The visitors' defense was caught unaware in the beginning of the game and a Spain-to-Payne pass was successfully completed for a first down on the ten-yard stripe and Macy carried the pigskin over in four plays. Spain kicked the goal. St. Mary's then unloaded a bag of tricks which worried Newton considerably. A hidden criss-cross play put the Watch City team in scoring position but the Newton defense held fast and a fifteen-yard penalty to St. Mary's put the ball out of danger.

Thanksgiving Day was Newton's gloom day. In the absence of Captain Andres and Spain, the team fought well; but Brookline, taking advantage of all breaks, finally won 9-0. Clark's punt behind his own lines was recovered by Newton for a safety, and later Cole took a pass from Gleason for a touchdown.

*Front Row: Powers, Proctor, Thompson, Brown, Bennett  
2nd Row: True, Spain, Champagne, Stubbs, Andres, Wilkerson, Appleton*

THE Newton Hockey Sextet of 1927 will go down on the pages of Newton history as another champion. The team hung up an enviable record, a record that succeeding teams will shoot at for years to come: fifteen victories against two defeats. They amassed a total of sixty goals, while their opponents tallied thirteen times.

Newton was fortunate in having the 1926 sextet remaining intact, with the exception of Holbrook and Whitmore. Captain Stubbs, Spain, and R. Powers composed a clever forward line, while L. Powers, Brown, and Champagne were used as replacements. The defense with Andres and Proctor at the points was practically impregnable while Thompson was a bulwark in front of the net.

The 1927 sport season was ushered in with a decisive 3-1 victory over Melrose. The graduation of that great forward trio had raised havoc in the Melrose ranks, but they afforded the Orange and Black plenty of opposition. Captain Stubbs was instrumental in the scoring of the three Newton goals. Wilkerson and Bennett who were making their debut in scholastic hockey, performed like veterans on the defense.

From this game on, Newton was never to be headed in their rush to the championship. They eradicated Dorchester 6-0 and two days later walloped Leo Hughes' Brookline protégés 7-0. A week later they triumphed over Commerce 6-0.

The Newton cohorts had yet to taste defeat. They romped through all opposition with ease. Rindge, Belmont, Brighton, and Arlington were not able to register a goal against the Garden City team. The Cambridge Latin encounter was crammed full of action but, when the shades of eventide fell on the two tired teams, Newton had suffered her initial defeat, thereby breaking her string of nine straight victories. This set-back did the team a world of good for they turned in three more victories, including one over a strong Yale Freshman sextet. They stepped a bit out of their class when they mingled with Harvard Freshman and the crimson yearlings emerged victorious.

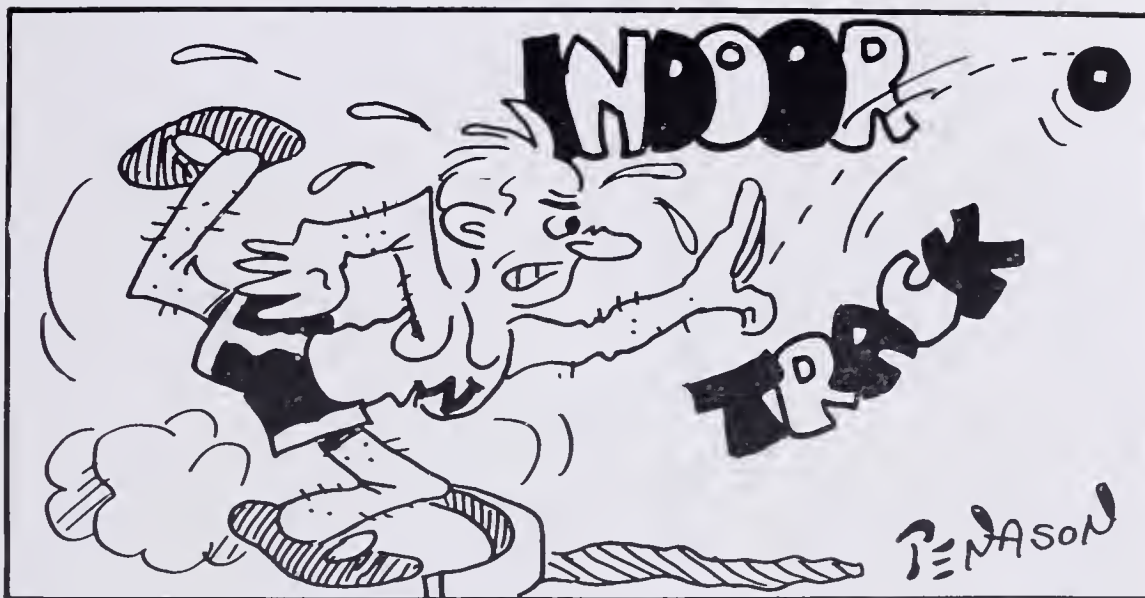

The Round Robin found Newton, Cambridge, Melrose, and Arlington in the field with the former two as the logical contenders. Both favorites came through as predicted and turned in two victories apiece. On February 22 the two teams faced off before a crowd of 6000 fans, a great tribute to scholastic hockey. For two periods the teams fought evenly, both waiting for a break. Shortly after the third session opened, Dick Powers secured the puck at center ice and shifted through the outer defense. Jimmie Brown shot up in combination, and taking a pass from Dick, beat Foley with a shot that had the championship labeled on it. The Cantabs fought vainly to even the count but, through the spectacular goaltending of Joe Thompson and excellent defensive work on the part of Andres and Proctor, Newton frustrated their attacks.

When the final whistle had blown, the silver eup for interseholarstie championship was assured for the Garden City.

WITH a fine group of veterans returning, Newton track followers expected a team of high calibre and were thoroughly satisfied in watching the fighters come from the rear to beat Brookline. They won third place in the Interscholastic State Meet, only one-fourth of a point behind the winner. The team started the season by defeating the Alumni 11-36 in a bitterly fought contest. Before the final event, the relay, the two teams were tied at 36 all, but by staving off furious attempts on the part of the Alumni to pass the Newton men, the team emerged victorious.

In the Inter-class Meet, won by the Seniors, a school record of long standing was broken by Ted Hammond. He high-jumped five feet eleven and a fraction. In the next meet, in which Boston College High was swamped 58-11, another school record passed the boards. This time Captain Fullerton reduced the 35-yard hurdle marks from four and four-fifths seconds to four and two-fifths.

Upsetting all predictions, a scrappy Brookline team overwhelmed its rival by 41-27. However, in the course of two weeks, Coach Enoch drew the men up to the pink of condition and put into his charges the "do or die" spirit. On account of this, the team topped Brookline 51-26, taking all but two first places. From the score it would seem that Newton had an easy time, but each and every contest was a battle with the winner in doubt up to the finish. By adding the scores of the two meets, Newton was found to be the victor in the series, 78-67.

The team then lost two successive meets to Medford and Huntington by the scores 39-29 and 41-22 respectively. The team again showed its pluck by taking fourth place in the Andover Interscholastics. Fullerton broke the standing broad jump of the meet. MacCrudden tied for first place in the 1,000 yard run. Hammond collected a fraction of a point in the high jump, and the relay took enough points so that when the final score was taken Newton was two and a half points behind the winner.

The climax of the season was reached in the State Meet when the team took third place. MacCrudden took fourth place in the 1000-yard run, Fullerton took second in the broad jump and first in the hurdles for eight points. The relay had the fastest time of all teams entered and so collected five points, and again Hammond added a fraction of a point. Taking all in all and considering the effect of Coach Dickinson's untimely death, the track team had the most successful season in years. Hammond in the high jump, MacCrudden in the 1000-yard run, Fullerton in everything he entered, Cole in the hurdles, dash and 300, were the outstanding stars, but the names of Reed, Brewer, Cummings, Reynolds, McManus, Mullen, and Hession should not be omitted.

## Swimming Team

THIS swimming season was one of the most successful in recent years, although Newton lost three of the nine scheduled meets. The Orange and Black natators, under Captain Kenneth Merrill's guidance, made a better showing than was expected.

The season opened with Newton defeating Commerce, Rindge, and English by overwhelming scores. Then the team journeyed to Exeter where Newton was defeated, but even in defeat Lloyd Osborne was able to break two of Exeter's tank records. The following week the strong Huntington School administered the second defeat of the year to Newton. Newton came back after these defeats to win from Cambridge High and Latin twice by a startling score each time. After these two wins the team went to Brookline where the Wealthy-Towners easily defeated Newton, although Osborne again broke two tank records. The final dual meet was by far the most exciting one of the season. The M. I. T. freshman came to Newton, and were not beaten until the final event was decided by the strong Newton relay team.

Newton gained a third place in the Lieut. George R. Meehan State Meet. Brookline won by a large margin with 20 points, while Huntington with 13 points barely beat Newton for second place by a point. Lloyd Osborne scored 10 of Newton's 12 points with the relay team composed of Marshall, Burrall, Hogan, and Merrill, making up the other two by placing third. Osborne broke the state record in the 100-yard dash and the 200-yard swim in this meet.

The fine swimming of Lloyd Osborne deserves much credit. He was captain of the team in 1926 and in that year was the 200-yard schoolboy champion. In 1927 he won every schoolboy event in which he entered, except at the Yale Interscholastics in which he placed second in the 220-yard swim. He is at present the New England 100-yard and 200-yard scholastic champion.

Mr. Carling deserves no little credit for his hard work in developing the team.

**T**HIS year for the first time in the history of Newton High, boy's basketball was a recognized sport. Under the leadership of Raymond A. Green, head coach, Abner H. Bailey, E. Warren Blue, and Ralph M. Sanborn the recruits were divided into teams, according to their classes, and these sub-divided into teams which represented two leagues, the "Orange" and the "Black."

As all sport in this line was intra-mural, there was no varsity team this year. A round robin of games was played to determine the champion teams of each league. These two teams played to see which was better and then the freshman champions played the sophomore leaders, and likewise the juniors the seniors.

The big event of the year was Basketball Night, March 12, when Newton had as guests the varsity teams of Harvard and Tufts. These were secured through the efforts of Francis L. Bacon, director of secondary education, and by the courtesy of Mr. Bingham and Mr. Houston, the athletic directors of Harvard and Tufts respectively.

In this game, Harvard was an easy victor over Tufts with a score of 57-28.

The same evening, two picked teams of the "Blacks" squad played two picked "Orange" teams. The underclassmen "Black" team lost to the "Orange" 10-9, while the upper class "Orange" team won, 12-10.

In future years, it is hoped Newton will be a contender for inter-scholastic basketball honors.

Front Row: Linquist, A. Wilson, Reiley, D. Wilson, Bennett  
2nd Row: Coach Brownell, Andres, Coach Sullivan, Spain, Soule, Casey, White  
3rd Row: Mullin, McClary, Stout, DeMille, Mr. Fanning, Warren, P. Andres

THE varsity nine opened the 1927 season with four lettermen available. Messrs. Brownell and Sullivan, taking up the reins formerly held by the late Coach Dickinson, commenced to weld a formidable aggregation. The Intermediate and Junior Varsity teams of last year provided some valuable material for the varsity nine.

McClary and Don Wilson, both experienced twirlers, reported and Macy, Reilley and Lindquist, the latter a southpaw transfer from Maine, were the other available pitchers. Hals Andres was converted into a catcher and Penny de Mille was assigned to first base. Captain Johnny Proctor was placed on the keystone sack and, while he was out, due to an infected foot, his position was capably filled by "Edgie" Warren. Frank Spain was shifted to shortstop and Vic Stout took the position in the hot corner. Johnny Mullin was assigned to left field, Horace White to center, and Sam McClary, when not pitching, patrolled the right field territory.

The ball team nosed out Needham in the first encounter of the season, 7-6. The game was slow, as the coaches experimented with various players in the lineup. A week later, at Lawrence, the Orange and Black dropped a 7-1 game to the Mill City aggregation. Broaca, the home team's star twirler was very effective and allowed only six scratch hits. Johnny Mullin was the only Newton player to solve Broaca's peculiar deliveries, slamming out a double and a single.

Cambridge Latin took Newton into camp on Patriot's Day, 5-1. McClary and Lindquist, sharing the moundsman's duties, were effective for a while, but the Cantabs went on a batting rampage, which produced five runs and a victory. Poor fielding aided materially in the downfall.

Newton dropped its second league contest to Everett in the following week, 9-2. On the following Wednesday, the team journeyed to Southboro and defeated St. Mark's, 8-1. The playing of Spain and McClary featured, the former officially credited with being at bat once and scoring four runs while the latter's hitting drove in a handful of tallies. Medford took Newton into camp the following Saturday, winning the game 5-1.

The Orange and Black next won a 6-1 contest against its traditional rivals, Brookline. Timely hitting on the part of Newton accounted for most of the runs. Wilson pitched air-tight ball until the sixth, but Reilley, who relieved him was never in danger.

Rindge gave Newton a scare later in the week but, the home team finally won 6-3.

Newton won a game from Brockton in the eleventh, 4-2. Two singles and a screeching triple by Art Wilson broke the existing tie and settled the game.

In the second contest with Cambridge Latin, Newton again lost, 8-1.

In the last game, before this article went to press, Newton dropped a close game to Everett 5-4 in the eleventh.

## Tennis

THE prospects for a championship tennis team are exceedingly bright at mid-season. The veterans, Captain Turner, Noble, Broughton, Scott, Parker, and Harris, together with Shute and Glueck, the finalists of the fall tournament, comprise the squad.

The team made an auspicious beginning by smothering English High of Boston, 8-0. Boston Latin was the next victim. Art Noble lost to Woodbury, five matches to two, after piling up a big lead in the feature match. At the Yale Interscholastics, Newton won fourth place with 7 points, 3 points better than the next high school entrant. Turner lost to Kennedy of Kent, after winning two matches, while Noble drew Henry Johnson in the third round. Noble played well, but was unable to defeat the old Newton star. Broughton, Scott, and Parker, each won a match, which added to the team's total, but were defeated in the second round. Johnson was the individual winner of the tournament, while Choate won the team trophy.

In the matches already played, everyone has played well. Huntington, following the Yale Interscholastics, was smothered in the next match 6-0. The team will go down in the sport annals of the school as another of the best court combinations.

The schedule:

Tuesday	May 3	Boston English High School	at Newton
Tuesday	May 10	Boston Latin School	at Newton
Saturday	May 14	Yale Interscholastics	at Yale
Friday	May 20	Huntington School	at Newton

Monday	May 23	Swampscott High School	at Swampscott
Tuesday	May 31	Thayer Academy	at Thayer Academy
Saturday	June 4	St. John's Preparatory	at Danvers

*Front Row:* Davis, Brown, Dunleavy, Hodder, Frost, Kenderline, Spain  
*2nd Row:* Collins, Schultz, Lincoln, Hollis, Wing, Cummings, Richardson, Chase, Hartbridge, Sprague  
*3rd Row:* Miss A. Jones, Jeram, Mather, Brooks, McClelland, Eaton, Moriarty, Spurrier, Harding, Whitaker, Barba, Mellis

THE hockey season opened with each class well represented by several candidates. All from seniors to freshmen seemed to take a new interest in the game and determined to make a good team. About a month after practise began, the varsity squad was picked with twenty-eight girls to represent Newton. They were as follows: Captain, Marion Frost; Manager, Virginia Hodder; Dorothy Barba, Beatrice Brooks, Gladys Brown, Ellen Chase, Sally Collins, Dora Cummings, Eleanor Davis, Emily Dunleavy, Carol Eaton, Eleanor Harding, Agnes Hartridge, Elizabeth Hollis, Gladys Jerauld, Emily Kenderdine, Adelaide Lincoln, Marion Mellus, Rita McClelland, Mary Moriarty, Betty Muther, Betty Richardson, Mae Schultz, Rena Spain, Katherine Sprague, Virginia Spurrier, Margaret Warren, and Marion Whittaker.

The first game, played October 28 against Needham, was not very encouraging. The first team lost by a 3-1 score, but the seconds managed to hand in a 1-0 victory. The defeat, however, inspired us to play harder and with more determination, and later games met with more success. Undaunted, we quickly rose to greater heights by defeating our age-old opponents, Waltham, on November 1, with a score of 1-0 for both the firsts and seconds. As the total indicates, both teams played exceedingly well, but on the first team Betty Richardson was the high scorer, making three of our four goals.

At the Melrose game a week later, Ellen Chase tied the score for the first team by making two goals in the last half. Our seconds were victors for the third time, defeating Melrose seconds 2-0. That game was by far the best of the season for Newton. Both team work and playing excelled. Aside from the excellent playing, this victory was quite a feather in our bonnet for, so far, Melrose was the only team in their league to be either undefeated or untied.

Then the class games interrupted the round of varsity contests. Under the captaincy of Betty Muther, the sophomores defeated Captain Durbin's freshman team, 6-0. A few days later, Captain Spurrier's juniors and Captain Frost's seniors clashed in a 3-3 tie. When this was played off, the seniors were victorious 3-1. To determine the class winners, the seniors and sophomores met on the field December 2 and the laurels went to the seniors with a 1-0 score. The schedule ended when the Alumnae were defeated 2-1.

Marion Frost toward the close of the season brought a new honor to Newton, that of winning a junior insignia of the Boston Field Hockey Association. She was one of the eleven public school girls, and the only one from Newton, to be picked from Greater Boston for this eleven.

Thus the field hockey season closed. Under the captaincy of Marion Frost, the versatile athlete, and the managing of the stalwart goal keeper, Virginia Hodder, the squad indeed had a successful season. The first team won twice, tied once, and lost once, the second team taking all three of their games.

At a special assembly for the girls of the whole school, the first year members of the squad were awarded the varsity stripes and "N's," while the veteran members, having played on the team for more than a year, were awarded chevrons to be placed under their already well-deserved letters.

*Front Row:* Wing, Schultz, Harding  
*2nd Row:* Dennett, Dunleavy, *Captain* Cook, Chase, Hodder  
*3rd Row:* Frost, Davis, Decker, Place, Quimby, Clark, Richardson

THE greatest enthusiasm which has been shown for some time made its appearance this year on the basketball court. Probably a great deal of it was due to the new system introduced by Miss Rathbone. Each girl who registered for basketball was immediately assigned to a class team. After a few weeks' practise the teams started competitive playing. These games constituted the better part of the season and each girl took a lively interest in her team. Over twenty-two class groups were organized, consequently a rapid series of seventy-five games took place. In totaling the scores the Juniors were the winners of the games and the seniors took second honors.

The scores were as follows:

Class	Games to Play	Won	Score
Senior .....	40	26	65
Junior .....	32	29	90.625
Sophomore .....	54	17	31.467
Freshman .....	31	7	22.575

From the excellent show of spirit and skill that was evidenced in these games the varsity squad was chosen.

The following twenty-six girls were selected: Captain, Chelise Cook; Manager, Cleone Place; Elizabeth Barrett, Gladys Brown, Ellen Chase, Reed Champion, Elizabeth Clarke, Eleanor Davis, Margaret Decker, Priscilla Dennet, Emily Dunleavy, Marion Frost, Frances Gallagher, Eleanor Harding, Louise Horrigan, Constance Hartwell, Virginia Hodder, Gladys Jerauld, Marion Leith, Beatrice Piser, Gwenyth Quimby, Betty Richardson, Mae Schultz, Ruth Taft, Margaret Warren, Faith Wing.

The team did not fare so well in the first game of the season which was played at Needham, March 4, as it terminated in a 33-11 defeat for Newton, but the seconds upheld the honor of the school by coming out victorious 31-6. The following first and second team games with Watertown quite overcame our valiant efforts and both our sextets sank to defeat, loosing by the scores of 38-11 and 25-19 respectively. Nevertheless, Newton showed "the old fight" in the Waltham game and the first team took the honors 24-15, while the seconds was barely defeated by the close margin of 21-20. However unsuccessful the first games were, the close of the season showed considerable improvement. The alumnae game was our final victory. For the first team the score stood 16-12, and for the second, 6-17 for the alumnae.

The presentation of the varsity and second team letters and the awarding of minerals to the winning class teams at the gym meet, was the last of girls' basketball for 1927.

GIRLS' GYM MEET

GIRLS' GYM MEET

## The Girls' Gym Meet

THE Girls' Gym Meet was held April first. Over fifteen hundred people filled the bleachers. The whole of the new gymnasium was used and yet it seemed too small. While the girls' formed in line and the audience found their seats with the help of the ushers, the Newton High School Band played several selections.

The band played a few warning measures of a march. The seniors, sophomores, and corrective gym pupils entered at one end of the gym, while the juniors and freshmen entered at the other end. The girls were uniformly dressed in white middies, blue bloomers, and black stockings and sneakers. The color of the ties designated the class, red being senior; yellow, junior; blue, sophomore; and green, freshman. The girls marched in a steady line of twos from either door, met in front of the band, went down the center in fours, separated into twos again, and marched until they met once more. A color guard marched to the center of the floor and the salute to our flag and a verse of the "Star Spangled Banner" were led by Marion Frost, a senior. It was then that the first startling flashlight picture was taken. When the flag had been returned to its stand, every one but the seniors sat down.

Led by Miss Flanders, the seniors formed for their floor drill. The class was small, for the work was entirely voluntary on their part, but they did themselves credit. Then the junior class was called by Mrs. Kuntz. Their marching was meritable but they caused the audience considerable amusement when they lay down on their backs to do exercises. The sophomores lined up in their turn, the mimetic drill being very well performed. The freshmen tried valiantly in their marching. In their floor drill, they had the honor of having a flashlight picture taken of them on their backs with their feet waving in the air. The applause for some features of the drills was so overwhelming as to completely route the exhibitors. Individual gymnastics were well illustrated by another class with Miss Rathbone as instructor.

The most interesting event, the apparatus work, came next. This was divided into two sections, five pieces of apparatus in each. It truly was as interesting as a five-ring circus and at least it kept one's eyes busy to catch a glimpse of half the stunts. It was weird and spectacular to see girls flying through the air, jumping boxes, ropes, bars, and climbing wisps of rope and flimsy ladders.

When the floor had been cleared of the apparatus, an exciting game of basketball was played, the more exciting because the score remained 0 to 0 throughout the game. A dashing, slipping, sliding relay race was run first between the seniors and juniors, the juniors winning; second, the sophomores and freshmen, the sophomores winning. In the finals between the juniors and sophomores, the juniors won.

The aesthetic dancing was the chief event of the evening. The freshmen started with a scarf dance and two amusingly abrupt pantomimes. The sophomores did some Fundamental Relaxation Exercises and a sauey little clog, "Sweet Rosie O'Grady." The juniors and seniors dramatized Greek games. Just as they were wrestling another flash light picture was taken. It startled the audience as much as the dancers or they would have noticed several mistakes in the dancing. A wild ehariot race was then run with no designated winner.

Then Mr. Bacon gave out the basketball N's and Constance Hartwell received from him the class numerals for the juniors. The annual gym cup was awarded to the class of 1928, Virginia Spurrier, the secretary, representing the class.

# FOOLISHMENT

### Our Ideal Girl

She likes to spend a quiet evening at home with the boy friend.  
 She's athletic, but also sympathetic.  
 She's beautiful, but not dumb.  
 She knows that a player isn't jailed for stealing second —  
 Or buried when he dies at third.  
 She knows the difference between a goal post and a tennis racket.  
 She possesses eyes like Gloria Swanson's —  
 She has a nose like Esther Ralston's.  
 Hair like Mary Brian, and lips like Marceline Day.  
 —But don't get excited, boys; there ain't no sech animal!

### A Proposal (apologies)

They were sitting side by side,  
 He sighed and she sighed;  
 Said he, "My dearest idol,"  
 He idled and she idled.  
 "On my soul there's such a weight."  
 He waited and she waited.  
 "I'm going to propose, so bold I've grown."  
 He groaned and she groaned.  
 "You shall have your private gig."  
 He giggled and she giggled.  
 Said she, "My dearest Luke."  
 He looked and she looked.  
 "I'll have thee if thou wilt."  
 He wilted and she wilted.  
 Nuf Ced!

"What kind of a car have you got?"  
 "A Packard eight."  
 "Eight what?"  
 "Eight more payments."

*She:* "Please help the Working Girls' Home?"  
*Bud H.:* "Sure, how far away do they live?"

### How Many Times?

A maiden entered the Highlands' bus.  
 And firmly grasped a strap.  
 Every time they struck a hole,  
 She sat in a different lap.  
 The holes grew more frequent,  
 And the maiden bruised her knees.  
 At last she gasped out with a smile,  
 "Will someone kindly tell me, please.  
 How many laps to the mile?"

## Lecture on Perseverance

No matter what kind of work you are doing, never be discouraged by failure, but fill the job to the best of your ability and you will eventually succeed.

I once knew a young man who peeled potatoes in a large hotel kitchen. He was rather discouraged, but was bound to get ahead, as he knew that even a potato peeler could succeed. He dug right in and peeled more spuds than ever before. Now, at the age of sixty, do you suppose he is still peeling potatoes? Heavens, no! He was bound to get a head, so he now peels cabbages.

Moral: Conscientious labor overcometh all things; even the laborer! !

### The High School Sheik

Blessings on thee, high school sheik,  
 With varnished hair and painted cheek,  
 With thy "plus-fours," check and stripe,  
 And thy ancient corn-cob pipe.  
 Vamps and sheba's dost thou scorn,  
 Sentimental days have long since gone,  
 With the headlights on thy face,  
 In thy "flivver" thou dost race;  
 From my heart, I give thee joy —  
 I am, too, a high school boy!  
 Wise guy thou art, in thy bliss.  
 May only write such junk as this.  
 Let the guy with cash roll by.  
 On foot, hiking by his side  
 Thou has a Ford and all of that,  
 Even if a tire is flat.  
 Regardless of the roar and squeak,  
 Blessings on thee, high school sheik!

### Interview With the Famous No. 444

"This is a fairly harmless case," said the warden as he opened the door. "He thinks he's a transfer ticket and tries to punch a hole in himself."

"When I entered, No. 444 was standing on his hands in a corner, beating his head against the wall—a scrawny, haggard youth of about 90 summers, with a face that only a bulldog could love, and a wild look in his eye. He offered me a chair, first biting off a leg."

"You must have lots of time to spend here," I said, familiarly.

"Lots!" screamed my host tearing out a handful of hair, "Lots! Houses! Plots! Don't you dare say 'lots' to me!

"This was years ago, before they put me in here with Brutus. I choked Brutus to death last year, so they took him away and wouldn't let me play with him anymore. He was a nice kid, but he wanted to play with the blocks all the time and I wanted them. To tell the truth I think he was a bit loony.

"I was young and handsome, then. Years ago I was about to be married to a beautiful girl, and was looking for a house.

"I saw an 'ad' in the paper one day. 'Beautiful ten-room home with a splendid garden. Near City Hall, Fakeville, Mass. Only a stone's throw from the station.' I robbed my kid brother's bank, saved my chewing gum wrappers and soon had enough to buy the house.

"It all happened the Sunday I took her out to see our future home. The real estate agent was there on the platform to meet us. He drove us about five miles to the outskirts of the city. The road ended there, and we had to get out and walk. Three miles further we took a ferry across the river. On the other side a car was waiting for us. Toward evening we reached the house. We stood in silence, looking at it from the edge of the swamps surrounding it.

" 'By the way,' I asked the agent, 'what state is this?' "

"Delaware," he answered.

"I tore an axle from the car and crushed his skull. Then I strangled the woman, and finally —" and here his eyes gleamed as he chuckled fiendishly—"finally, I killed Him?"

"But," I asked, "who was Him?"

"He was the guy who threw the stone!" he shrieked, pulling a block of granite from the wall and hurling it at me as I left.

### Sea Fever

*Janet*, aged seven, is engrossed in a sea-faring novel.

"Daddy."

"What is it, dear?"

"What are the stern sheets?"

"Scholastic newspapers, dear."

"Oh!"

(Silence)

"Daddy?"

"Don't bother papa. Ask your mamma?"

"Mamma?"

"What, dear?"

"Is the steerage passage where the rudder comes out?"

"No, hon; steerage is a method of shipping cattle."

"Oh, yes! It says, 'They were herded like steers'."

(Silence.)

"Mamma?"

"Yes, dear?"

"Do ships have log cabins?"

"No, dear."

"Well, ships always keep a log, don't they?"

"Yes, dear."

"And ships have cabins, haven't they?"

"Yes, hon."

"Don't they keep the log in the cabin?"

"Yes, dear."

"They why isn't it a l——?"

"Ask papa, dear."

"Papa, why isn't it a l——?"

"Run along to bed, dear!"

### Hard Up

*Normy*: "What say? Loan a crippled young man some cash, will you?"

*Newt*: "Crippled? How are you crippled?"

*Normy*: "Financially!"
